

You can choose to use Wisdom.

Or not.

Choose Wisdom® products. The wiser alternative for controlling most structure and ground insects

When you need all-purpose insecticides, go with Wisdom® TC Flowable, Wisdom® Lawn Granular or Wisdom® EZ – the broad spectrum insecticides that control termites, ants, fire ants and a variety of other insects that invade structures inside and out. Wisdom products are bifenthrin-based, American-made that come readily available in one gallon

containers or 25 pound bags, making them some of the best values anywhere.
